**Position Summary**
Kinnect is seeking a Program Director with experience in human services (e.g., child welfare, juvenile justice, health, or education) — with an emphasis on working towards legal and emotional permanency for LGBTQI+ youth in foster care. Kinnect, in partnership with Cuyahoga County Division of Children and Family Services, A Place for Me, and Case Western Reserve University, was awarded a four-year federal grant to develop evidence informed/evidence based practices promoting positive outcomes for LGBTQI+ youth who experience the child welfare system. Youth who identify as LGBTQI+ are over represented in the foster care system. LGBTQI+ youth who experience foster care are more likely (than non-LGBTQI+ youth in care) to experience homelessness, rejection, physical and verbal abuse, and higher rates of suicide and depression.

The initiative involves three primary strategies: (1) safe identification of youth in foster care who identify as LGBTQI+; (2) creation of a PRIDE Network of foster caregivers and a PRIDE Youth Board to advocate and educate professionals, caregivers and administrators on the unique needs of LGBTQI+ youth; and (3) implementation of the Chosen Affirming Family model to provide family acceptance work with biological family members, including conducting Family Finding on behalf of youth, and moving youth to emotional and legal permanency with a lifelong family.

As part of this work, the Program Director will oversee the implementation and evaluation of the Chosen Affirming Family model. They will work closely with the co-leads at Cuyahoga County Division of Children and Family Services to develop plans for sustainability, to ensure outcome measures are achieved, the continued strengthening of the team and the infrastructure of the initiative, and the creation of an Advisory Group.
