

# Data Definitions, Sources, and Notes

**Population & Child Population:** U.S. Census Bureau 2017 American Community Survey 1-Year Estimates; census.gov; March 2018; accessed 10/8/2018.

- Data note: PCSAO calculated “other” by totaling American Indian and Alaska Native; Asian; Native Hawaiian and other Pacific islander.
- Data note: Hispanic is an ethnic designation, not racial; therefore, totals can exceed 100%.
- Data note: Child population = ages 0-17.

**Placement Rate of Children in Custody:** U.S. Census Bureau 2017 American Community Survey 1-Year Estimates; census.gov; March 2018; accessed 10/8/2018. Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), special data run. Received 10/11/2018. Additional calculations by PCSAO. Reviewed and updated by the county public children services agencies (PCSAs).

- Data note: Rate of placement calculated by the unduplicated count of children in agency custody at any point during the SFY divided by the population of children under the age of 18; rate per 1,000.
- Data Note: Previous to the 13<sup>th</sup> Edition of the PCSAO Factbook, the rate was based on number of children in custody at point in time, rather than unduplicated count of children at any point during the year. Therefore, the rate cannot be compared to rates reported in PCSAO Factbooks prior to the 13<sup>th</sup> edition.

**Per Capita Income:** U.S. Bureau of Economic Analysis; accessed 10/8/2018. Per capita personal income was computed using Census Bureau midyear population estimates. Estimates for 2010-2016 reflect county population estimates available as of March 2017. Last updated: November 16, 2017.

**Poverty Rate:** American Community Survey, Poverty Status in the Past 12 Months 5-year estimates, census.gov; accessed 10/8/2018.

**Ohio Works First Child Only:** Ohio Department of Job and Family Services special data run. Received 1/17/2019. Unduplicated count state fiscal year (SFY) 2018.

- Data Note: The data provided is only CRIS-E data. Total unduplicated numbers were not available for the five counties that piloted Ohio Benefits (Clark, Fairfield, Licking, Summit and Warren). Therefore,

totals for Ohio and the five pilot counties are not reported.

**Grandparents Raising Grandchildren:** American Community Survey Grandparents 5-year estimates 2012-2016; census.gov; accessed 10/8/2018.

**Families and Children Served:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), special data run. Received 10/11/2018. Additional calculations by PCSAO. Reviewed and updated by the county public children services agencies (PCSAs).

- Data Note: “Children placed out of home” defined as the unduplicated count of children in PCSA custody at any point during the state fiscal year.

**Juvenile Court Timeliness:** The Supreme Court of Ohio; Abuse, Neglect, or Dependency Cases and Motions for Permanent Custody Matters (Combined); Averages Per Month in SFY 2016 and SFY 2018; special data run. Received 9/25/18.

**Juvenile Court Custody:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), special data run. Received 10/11/2018.

- Data note: With the exception of this data point, youth in custody of a IV-E Juvenile Court are not included in data points throughout the Factbook.

**Permanency:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), special data run. Received 11/15/2018. Reviewed and updated by the county public children services agencies (PCSAs).

- Data Note: “Children who gained permanency” defined as children with custody ending during SFY through reunification (return to parent/guardian/custodian), custody to relative, guardianship or adoption.
- Data Note: “Children waiting to be adopted” defined as children in permanent custody not in adoptive placement during the state fiscal year.
- Data Note: “Children supported by Kinship Permanency Incentive program” defined as the number of children for which kinship families received KPI payments during the state fiscal year. SACWIS data run received 10/11/18.

**Emancipated Youth:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), special data run. Received 11/15/2018. Reviewed and updated by the county public children services agencies (PCSAs).

- Data Note: “Youth aged out of care” defined as children with custody ending during the state fiscal year through emancipation.
- Data Note: “Median # of days in custody before emancipation” defined as median length of stay of children in custody prior to emancipation for youth who emancipated during the state fiscal year.

**Students who received Chaffee ETV post-secondary education grants:** Foster Care to Success special data run. Received 12/3/2018. Count of children receiving grants for each county. Reviewed and updated by the county public children services agencies (PCSAs).

**Emancipated youth enrolled in Medicaid:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), special data run. Received 11/8/2018. Medicaid enrollment as of 7/1/2018 for youth who exited children services custody and placement at age 18 or older who were between 18-26 as of 7/1/2018.

- Data Note: Counts include only those determined to be enrolled in Medicaid. Additional youth may have health coverage either through private insurance or Medicaid, but unable to determine if enrolled. The county is defined as the agency holding custody at the time of the youth’s emancipation.

**2018 Response:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), special data run. Received 10/11/2018. Additional calculations by PCSAO. Reviewed and updated by the county public children services agencies (PCSAs).

- Data Note: For some counties, the totals in boxes of second column do not total to the first box for several possible reasons including missing categories and case already open when additional reports received. The total number of reports in the “types of reports” was used for the total number for the 2018 response total number.
- Data Note: “Cases transferred to ongoing” could include some cases that had been initiated in state fiscal year 2017 and exclude some cases not resolved before end of state fiscal year 2018.

**Types of Reports:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information

System (SACWIS), special data run. Received 10/11/2018. Additional calculations by PCSAO. Reviewed and updated by the county public children services agencies (PCSAs). Totals may not add to 100% due to rounding.

- Data Note: The number of reports of each type was divided by total number of reports to obtain the percentages.
- Data Note: “Multiple allegations of abuse neglect” defined as more than one allegation, such as physical abuse, sexual abuse, and neglect, all on one report.
- Data Note: “Other” includes medical neglect, shaken baby, out of home perpetrator.

**Children in Custody on 7/1/2018:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), special data run. Received 10/17/2018. Additional calculations by PCSAO. Reviewed and updated by the county public children services agencies (PCSAs). The number of children in each category is divided by total number of children in custody to calculate percentages. Totals may not add to 100% due to rounding or missing or unknown data/numbers.

- Data Note: This section is point in time, total unduplicated count of children in custody on 7/1/2018.
- Date Note: “Why removed from home, Other” includes alcohol, drug and other reasons.
- Date Note: “Where are children placed, Other” includes detention, AWOL, own home, licensed maternity home, Certified Emergency Shelter Care Facility, Detention Facility, Residential Parenting Facility, Licensed Medical/Educational Facility and other.

For some counties, placement costs reported under “Independent Living/Other” and number of children in custody on 7/1/2018 placed in “Independent Living/Other” do not align for a variety of reasons. These reasons may include: point-in-time data for children in custody vs. state fiscal year data for placement costs; “other” is defined differently as a placement category vs. as a placement cost category.

**Placement Costs:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), Statewide 4280 detail data, special data run. Received 11/19/2018. Additional calculations by PCSAO. Reviewed and updated by the county public children services agencies (PCSAs).

- Data Note: “Independent living placement/other” includes total of Independent Living, Unlicensed

Relative Home and Other (not included in other identified placement types) Placement Costs.

**Adoption Assistance & Subsidies:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), IV-E AA and state adoption maintenance subsidies (SAMS), non-recurring and PASSS costs as reported by SACWIS Statewide 4280 detail data, special data run. Received 11/19/2018. Additional calculations by PCSAO. Reviewed and updated by the county public children services agencies (PCSAs).

**Total Public Children Services Spending:** Ohio Department of Job and Family Services, Statewide Automated Child Welfare Information System (SACWIS), Statewide 4280 detail data, special data run. Received 11/19/2018. Ohio Department of Job and Family Services, Bureau of County Finance and Technical Assistance (BCFTA), Office of Fiscal and Monitoring

Services, County Finance Information System (CFIS). Data run received 12/5/2018; revised run received 1/4/2019. Additional calculations by PCSAO. Reviewed and updated by the county public children services agencies (PCSAs).

- Data Note: "Total" includes BCFTA costs reported added to costs reported for placement, AA and subsidies, KPI and ProtectOhio reported by source (federal, state, local) as reported by SACWIS.
- Data Note: State expenditures include state funds to counties through the State Child Protection Allocation (SCPA), as well as statewide programming such as SACWIS, Education Training Vouchers, Ohio Children's Trust Fund, Youth Advisory Board, Foster Parent training stipend and allowance, Ohio Child Welfare Training Program, ProtectOhio Waiver Evaluation, JV Court, Supreme Court Agreement, OhioMHAS Agreement, etc. New in this edition is inclusion of \$1.8M for the Bridges Program.

# UnitedHealthcare OMW™

Helping Ohio teens prepare for independent living.

## Relevant information in a format teens want and use.

UnitedHealthcare OMW™ (UnitedHealthcare On My Way) is an engaging, interactive program that helps Ohio youth prepare for many real-world situations that lie ahead. UnitedHealthcare OMW™ teaches the practical skills of managing bank accounts, securing housing, creating a resume, finding job training and applying for college. It is a reliable, go-to resource they can use throughout their journey toward independent living.

## How OMW works.

- **Secure Website:** Users register to create an account utilizing a secure server.
- **Rewards and recognition:** Users earn as they learn. UnitedHealthcare OMW™ rewards users with virtual points, badges, and messages of encouragement as they progress through each life track.
- **Key Life Tracks:** Focus is placed on transitional areas that historically have prevented youth in care from achieving stable, independent living. Users find important, relevant information that's easy to understand, as well as step-by-step guidance for actions to take.
- **Engagement of Social Worker:** UnitedHealthcare OMW™ incorporates content from the user's Independent Living Plan (ILP) and helps them set personal goals. As a result, youth in care can share the progress they make with their social worker—and together they can apply it to their ILP.
